OLD GENERAL THAW

and Full Control Over the Forces of
Nature and as a Result the Streets
Were in a Very Slippy
Condition.

The south wind blew yesterday and
as a result a great deal of the snow on
the streets and sidewalks was melted.
The melting of the snow and ice on
the pavements caused them to become
very slippy and many persons got
their feet as wet as the river.

Taking advantage of the thaw a
great many residents proceeded to
scrape off the remainder of the snow
and ice from their pavements. This
was greatly appreciated by the many
pedestrians. A great number of shop-
pers were on the streets and in order
to aid their movements the business
men cleaned off the ice as soon as
possible from their pavements.

A great deal of trouble has been had
in the past few days on account of
leaking roofs. Nearly every home and
business house has suffered from this,
and especially those with flat roofs.
Snow has been removed from a great
number.

The street cleaning department is
rapidly cleaning the snow from the
thoroughfares. A large force of men
is being employed by Street Commis-
sioner Ben Smith to do this work.

Mrs. Robert Lehman of Cincinnati,
who is visiting Mrs. Fannie Stallcup
of Forest avenue, will sing a solo at
the morning service at the Third
Street M. E. Church tomorrow morn-
ing.

PARIS DEFEATED

Last Evening by the Fast Maysville
Team on the Floor of the Addi-
tional of the High School
Building—Score 29 to 16.

The boys basketball team of the
Maysville High School defeated the
boys of the Paris High School last
evening in a very interesting game of
basketball on the floor of the local
school building. The final score was
29 to 16. Paris defeated Maysville on
their own floor on last Friday night
by the score of 39 to 18 and certainly the
tables were turned this time.

The following were the line-ups for
the beginning of the game:
Paris — Mayden and Burnett, for-
wards; Chappell, center; R. Lavin and
Rice, guards.
Maysville — Everett and Smoot, for-
wards; Wood, center; Downing and
Browning, guards.

The game started with great inter-
est. Several moments passed before
either side scored. Then Burnett of
Paris threw a goal on a foul by
Smoot, for running with the ball.
Smoot then replied with a splendid
shot from the field. A moment later he
scored another point on a foul by a
Paris player. Everett added two
points, followed by a field from Rice
and four fouls thrown by Burnett. An-
other field goal was then made by
Paris and then the Maysville boys
wrote up. Smoot and Everett alternated
in throwing goals and soon had
passed the Parisians. The half ended
with the score standing 12 to 10.

The second half was far different.
Maysville made a total of 19 points to
Paris' four. Near the end of the half
the scorer, Mr. Proctor of Paris,
claimed that owing to the fact that
Wood had received four personal fouls
he was to be put out of the game.
This caused a good deal of discussion
and finally ended by Wood being put
out. Smoot shifted to center, Browning
to forward and Owens placed in the
game. Following this only one point
was scored, that being by Paris.

Everett was easily the star of the
game. He scored a total of 16 points,
or more than half. His playing was
brilliant and he covered all parts of
the floor. He simply outplayed every
man on the opposing team.
Browning also played a good game,
although he did not score any points.
He is a good guard and plays very
clean. Downing was good in guarding
and played an excellent game.

The team will play Portsmouth,
Ohio, on next Friday night.

CARD PARTY A SUCCESS

The card party given by the Wo-
man's Club in their headquarters on
Sutton street last evening was a great
success. About 75 were present and
the ladies realized quite a neat sum
from the evening's entertainment.

Mr. D. A. Fee won first prize in
bridge, and Mr. H. E. Pogue won first
in gentlemen's 500. Mrs. Percy Lee
winning first in ladies' 500. The even-
ing was very enjoyable.

TELEPHONE CASE

From Newport Argued Before Judge
Cochran Here Thursday.

Federal Judge Cochran in Cham-
bers here, heard the case of the City
of Newport against the Citizens Tele-
phone Company Thursday.

It was argued by attorney Harvey
Meyer for the Company and Brent
Spence for Newport.
The application by the Telephone
Company was not for an injunction
against the prosecution of the present
proceedings pending in the Newport
Police Court and against the institu-
tion of any other prosecution and
Judge Cochran took the case under
advisement and granted a temporary
restraining order until the question is
decided.

WHITE-TOE

County Clerk J. J. Owens granted a
marriage license to Mr. J. A. Poe and
Miss Ethel White, both of German-
town yesterday. They were later
married at the home of the bride by
the Rev. Mr. Stockton.

NATIONAL GUARD CO.

May Be Organized in This County—
Judge Rice in Receipt of a Very
Interesting Letter in Regard
To Same.

County Judge W. H. Rice is the re-
cipient of a very interesting letter
from Mr. J. Tandy Ellis, state ad-
jutant general, asking his co-operation
in organizing a company of the nation-
al guard. The letter is as follows:

"Inasmuch as the county judge has a
broad acquaintance and has the op-
portunity to be well informed on public
questions, I have been directed by the
Governor to request you to hand the
enclosed copies of General Orders, No.
12, recently issued by this office, to
five citizens of your county who, in
your judgment, would probably be in-
terested in the organization of a unit
for the National Guard under the Na-
tional Defense Act of June 3, 1916.

"As you will observe by perusing a
copy of the order, an efficient National
Guard unit, while in the service of the
state, would be the means of bringing
several thousand dollars of Federal
funds into the county each year. In
addition, the training of young men in
the National Guards has the best pos-
sible influence for good citizenship,
and is the only solution for maintain-
ing and training organized military
forces in addition to the regular army,
that has been evolved so far.

"I should be glad if you would con-
sider the proposition, and any encou-
ragement and assistance that your Fi-
scal Court will give the movement will
be a step toward National Prepared-
ness, not for war, but against war.

"Thanking you for your courtesy in
this matter, I am,
"Very truly yours,
"J. TANDY ELLIS."

Preparedness is now one of the
chief topics of the nation and it is felt
that such a company should be organ-
ized in this city. Judge Rice will place
literature describing the guard in the
hands of local young men and the prob-
abilities are that such a company will
be organized.

NEW TOBACCO RECORD

All previous records for crop aver-
ages on this market were broken at
the Pimners House on yesterday
when the crop of Mr. William M. Col-
vin of this county, was sold at an
average of \$31.34 per hundred pounds.
The weights of each basket, price and
amount of money paid and buyer
were as follows:

80 pounds at 30c, \$24. Bought by
Liggett & Myers.
15 pounds at 49c, \$7.35. Bought by
American Tobacco Co.
410 pounds at 33c, \$135.30. Bought
by Liggett & Myers.
425 pounds at 33c, \$140.25. Bought
by American Tobacco Co.
70 pounds at 26c, \$18.20. Bought by
American Tobacco Co.
380 pounds at 33c, \$125.40. Bought
by Liggett & Myers.
75 pounds at 31c, \$23.25. Bought by
American Tobacco Co.
180 pounds at 24c, \$43.20. Bought
by Liggett & Myers.
40 pounds at 22½c, \$9. Bought by
Walker.
10 pounds at 21½c, \$2.15. Bought
by Liggett & Myers.

Totals—1685 pounds sold for a to-
tal of \$528.10, at an average of \$31.34.
Mr. Colvin is known as a grower of
high grade tobacco and his crop this
year is even better than ordinary. The
crop was well handled in the barn
and on the floor, showed that it had
received careful attention from the
time it was set until it was sold.

Mr. Colvin, having the best crop he
ever raised, naturally took it to the
best place to sell it to get good re-
sults—the Farmers & Planters Ware-
house.

As he now wears a smile that will
not come off, it is hardly necessary to
ask him if the sale was satisfactory to
him.

LAURANT IS COMING

In a program of magic and music
the Laurant Company of five will be in
Maysville, January 22, on the Lyceum
Course. In addition to a number of
big illusions such as "The Phantom
Bride," "Pandora's Box" and "The
Wizard's Supper," there will be mus-
ical numbers by a girls' trio.

A few months ago Laurant was at
Battle Creek, Michigan, and on the
following morning the Enquirer said:
"There have been macabre and mag-
ical illusions in Battle Creek, but it is con-
ceded by everybody practically who
was present last night that none has
surpassed Laurant and few, if any,
have even equaled him. The man-
who-knows-it-all, who infests every
audience, had a hard time stretching
his knowledge to meet the require-
ments of Laurant's performance. Live
pigeons suddenly appeared in mid air,
out of nowhere at all. "The Phantom
Bride" was introduced. Dishes, vials
and tables had a peculiar and inco-
nvenient habit of disappearing at inop-
portune times.

AFTER THE WAR LOOK OUT!

Edward N. Hurley, chairman of the Federal Trade commission, has warned American manufacturers that Europe is going to be a keen competitor after the war. Germany, he says, will come out of the war more efficient than ever, while England has made 30 years of industrial progress in as many months.

This will be surprising information to those Americans who can see nothing in war but its destructive side. Whether it is a comforting reflection or not, war has its constructive side; also, it is one of the world's plagues, and the history of the past easily confirms present predictions that the war-riven countries of Europe will emerge from the conflict fully abreast of the neutral world in everything except ready cash. They have taken a course in efficiency and scientific management that beats anything our most advanced technical institutions of learning can supply.

Americans should keep this truth in mind when they contemplate the alluring pictures of trade opportunities that will open to this country when peace comes. The huge scientifically organized forces that are now carrying on Europe's chief industry—that of war—can with slight changes and by the substitution of other tools be directed just as effectively in the industries of peace.

England has "found" herself in this war as a ship finds itself in a tempestuous voyage. It has been settled and shaken together, organized, drilled to its tasks and spurred to new standards of accomplishment and efficiency until it is better able today, in the midst of a war that has withdrawn millions of workers from productive labor, to meet all industrial demands than it was in times of peace. France has been tempered in the same fire and will come out a better weapon than before. It is not to be supposed that either of these countries with these trained organizations in their hands are going to continue to pour a stream of gold into America to pay for plows and threshing machines the way they have been paying for shells.

A. B. Farquhar, a member of the American Industrial commission and himself an exporting manufacturer, says America must be ready with a new foreign credit system and new commercial treaties with reciprocity provisions if it is to reap the trade opportunity that will come with peace. To military and naval preparedness America must now add industrial and commercial preparedness if it is to keep pace with what we have been thinking of as a war broken Europe. War broken it may be, but also war trained—and which seems to be the point.—America is not.—Kansas City Star.

TWO YEARS HENCE

It is not without pertinency to note that the recent election has left parties and authority so queerly divided as to invite a very spirited contest throughout the North in 1918. That will really be what they know in the South as a "run-off" of the election which we have just been through. It will determine what we really meant by our attempted decisions last Tuesday.

For the next two years we shall have curiously mixed conditions in Washington, with a Republican House, a Democratic Senate and a Democratic President. The voters, habitually disposed to rebuke somebody, not then know whether to rebuke the President and the Senate or to punish the House for refusing to follow them. Each party will point the finger of scorn to the legislative chamber under control of the other.

It is a safe prediction that the constructive legislation of Mr. Wilson's Administrations is nearly over—unless he pushes something through this winter. He will not thereafter be able to carry and project to which the Republicans of the House stand solidly in opposition. And they will do this, we imagine, with considerable readiness. There is the possibility, but not a probability, that a Democratic tidal wave of 1918 would give him back the House as well as strengthen his hold in the Senate, as a preliminary to the next presidential contest. We are, however, approaching years of extraordinary complications in our public and business policies, with inevitable high cost of living, and—not unrelated thereto—very pressing burdens of taxation. In these circumstances the spirit of the country for the next four years is likely to be one of protest, and likely thus to show itself on all occasions of testing.

Republican candidates, in such a State as Massachusetts, are much more likely to have easy sailing in 1918 with Wilson in the White House than if Hughes were there. In that contingency the inevitable reaction would have struck the Republican candidates in these States. Under present conditions it is likely to accrue to their advantage. Very considerable is the element of the voting public which regularly turns against the party that is in power and supposedly responsible for things as they are. Here is a Republican asset for 1913 plucked from the discomfiture of the present.—Boston Herald.

WHY?

The state of Oregon has five votes in the electoral college and casts about 250,000 votes. The Solid South (excluding Missouri) has 126 electoral votes, or nearly one-half the number necessary to name a President and Vice-President of the United States.

Oregon with five electors cast on November 7 more votes than Alabama, with 12; Arkansas, 9; Florida, 6; Louisiana, 10; Mississippi, 10; South Carolina, 9; Tennessee, 12; Georgia, 14; or Virginia, 12.

Oregon cast in round numbers twice as many votes as Alabama; twice as many as Arkansas; three and a half times as many as Florida; three and a half times as many as Louisiana; two and a half times as many as Mississippi; three and a half times as many as South Carolina; twice as many as Georgia; three and a half times as many as Virginia.

Either Oregon has inadequate representation in the electoral college, or these states have more than adequate representation, or both. The case of Oregon is the case of every other state in the North and West.

Yet they tolerate a condition which has existed without change, or readjustment, for fifty years.

Can anyone give a single reason why the South, or any section of the country, or any state, should be given a preponderant representation in the electoral college, or in Congress?

This is not sectionalism. It is a plain statement of facts.—Portland Oregonian.

DRIVE ON CONSTANTINOPLE RAILWAY INDICATED

Washington, January 18.—The text of the recent allied ultimatum to Greece, presented to the State Department for its information today by Charge Vouras of the Greek legation, reveals that the allies notified the Athens government in the communication "that military necessity may lead them shortly to disembark troops at Idea for passage by railroad to Saloniki."

This portion of the ultimatum, not mentioned in press dispatches coming to this country through the allied censorship, is regarded here as highly significant, possibly forecasting a much greater concentration of allied troops in Northern Greece for a drive against the Berlin-Constantinople railway line.

Another demand made by the ultimatum and not mentioned in the first announcement cabled to this country would require the Greek government to guarantee that no civilians hereafter shall carry arms.

Officials of the Greek legation announced today that a petition signed by more than 300 corporations and labor unions of Greece, appealing to the United States to intervene to raise the allied blockade of Greek ports, had been presented to American minister Droppers at Athens.

CHICAGO COAL SHIPMENTS TO BE GIVEN PREFERENCE

Chicago, January 18.—Railroad officials of all lines entering in Chicago agreed today to give coal shipments to this city preference over all other commodities except perishable goods. This, according to coal dealers, public officials and railroad men should relieve the threatened scarcity of coal in addition to the Public Utilities Commission late in the day issued an order in the coal reconsignment hearing providing for one free reconsignment of coal shipment of coal shipments in transit. A two dollar charge is imposed for reconsignment within twenty-four hours after a coal shipment reaches its destination and a five dollar reconsignment charge thereafter. The roads agree to keep coal on the preferred freight list for forty-eight hours which is considered ample time to relieve the present situation. The order will be in effect until April 1.

"If there is any speculation going on in coal these new rates will make it unprofitable," said Chairman William O. O'Connell, of the Illinois Public Utilities Commission.

L. & N. ROAD OBJECTS TO INCREASED ASSESSMENT

Frankfort, Ky., January 18.—A petition was filed in the United States court here today by the Louisville & Nashville Railroad Company to enjoin a greater franchise assessment of the company for 1916 than \$4,000,000.

The petition states that the total value of the company's property in this state does not exceed \$53,000,000 for taxable purposes and that if the state board of valuation and assessment deducts from this value the assessment of the roads in Kentucky heretofore assessed, the property upon which they pay an assessment and the tangible property assessed by the State Railroad Commission that its franchise value will not be greater than four million dollars.

The court is asked to enjoin the board from certifying to the sheriffs and to restrain the sheriffs from collecting on a greater franchise assessment than \$4,000,000.

WEST INDIAN POPULACE EXCITED BY U. S. WARSHIPS

St. Thomas, D. W. I., January 18.—A fleet of United States warships, aggregating thirty or more vessels, carried out maneuvers of St. Thomas today. The populace was greatly excited over the visit of the American ships.

The Danish West India passed under the sovereignty of the United States Wednesday, but the formal transfer of the islands and the raising of the American flag will not take place until the purchase price of \$25,000,000 is paid, which will be some time within the next ninety days. Meanwhile the Danish governor will continue his jurisdiction.

The warships maneuvering off the port comprised the Atlantic fleet, which is bound for Guantanamo, Cuba, for winter drills and target practice.

NATIONWIDE MOVEMENT TO HASTEN WAR'S END LAUNCHED

Philadelphia, January 19.—A nationwide movement to "urge the ending of the European war at the earliest possible moment," was launched here tonight at a mass meeting under the auspices of a committee of prominent pacifists. Similar meetings which the sponsors said were to be non-partisan and non-denominational, will be held in many sections of the country.

United States Senator Gilbert M. Hitchcock, of Nebraska, who was the principal speaker, reviewed the devastation being wrought by the war and declared that it is the duty of the United States to aid in hastening peace.

YES INDEED, LADY, I WAS A POPULAR MAN IN MY DAY. WHY ONCE WHEN I WAS THINKING OF SETTLING DOWN CERTAIN TOWN ALL THE LEADING CITIZENS, TO SAY WHAT THEY THOUGHT OF ME, PRESENTED ME WITH ENOUGH BUILDING MATERIALS TO ERECT A HOUSE.

BUT THIS IS HOW THEY DID IT!

ANNOUNCEMENT

BIRDS SUFFERING FOR FOOD, SAYS J. Q. WARD

Frankfort, Ky., January 18.—J. Quincy Ward, Executive Agent of the Fish and Game Commission, is back from Harlan County where he supervised the placing of 10,000 rainbow trout in the Cumberland river.

While in Harlan County Ward visited the deer reserve. He counted sixty deer, which is about twice as many as were there last year. The increase is not as large as Ward had anticipated.

The cold weather and deep snow is causing much suffering among the birds. The game warden throughout the State and many farmers are feeding them. Executive Agent Ward thinks it would be a good idea if all citizens would take a little interest in the birds and scatter food for them.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years doctors pronounced it to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O., Sold by Druggists, 75c. Relies Upon Nature

It's as natural for some people to start dosing themselves with drugs at the first twinging of sickness, as it is for the sun to rise in the morning. But it's a costly habit. Listen! The little red school-house has been doing its work so well that intelligent people are asking—

First. How much have we spent for drugs in the past year?

Second. How much good or harm have we bought for this money?

Third. Can't we do without medicines, serums, ointments, liniments, etc?

Chiropractic, the drugless art of restoring health says you can and should. Ask for booklet.

**FAMILY AVOIDS
SERIOUS SICKNESS**

By Being Constantly Supplied With
Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble.

Ten years ago a friend told me to try Theford's Black-Draught, which I did and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

Evening preaching service at 7. Pastor N. F. Jones will preach on "Successful Service."

Next Sunday our Bible School will put into effect the "Little Cross and Crown" system of rewards as follows: Next Sunday each scholar will be given a pin. The grading schedule is as follows: Present, 55; on time, 20; offering, 15; Bible or Testament, 7; studied lesson, 3. This makes 100 points and is called a "Perfect Sunday Record." The names of scholars making the record are placed on the "Class Honor Roll." Scholars leaving class or school without permission lose 20 points. Loss of points from any cause may be made up as follows: A new scholar will count five points for each Sunday that scholar attends during that quarter. A visitor will count 26 points. 1300 points for any thirteen consecutive Sundays is a "Perfect Record" and entitles the scholar to 1; a new pin, 2; name on "Class Honor Roll"; 3; name on "Star Honor Roll" of the school, 4; a "certificate of merit." Four "certificates of merit" entitles to a gold pin.

THAT BACKACHE SPELLS DAN-GER!

Action Today May Save Maysville People Future Misery.

A bad back isn't a bad thing if it serves as warning of hidden kidney disorders. Kidney diseases are frightfully common today. We over-do so much. We don't give the kidneys a chance to rest up, and while a bad back, some bladder disorder, an occasional dizzy spell or a persistent headache may be the only outward sign, the kidney trouble that is behind it all may be overlooked or neglected. Put your signs to use. Take them as warnings. Fight off kidney weakness. It takes only a slight kidney disorder to start a case of fatal Bright's disease, from which 100,000 people die in the United States every year. Prompt treatment at first—that's all that's necessary to keep kidney weakness from turning into gravel, dropsy, gout, heart trouble or Bright's. Use Doan's Kidney Pills—the oldest, the most widely used, the best-recommended kidney pills. Forty thousand Americans recommend them publicly. Here's one Maysville case:

Mrs. John Buras, W. Second St., Maysville, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since." (Statement given February 13, 1914.)

NO TROUBLE SINCE

On November 15, 1916, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills to-day, as ever. I have not needed a kidney medicine since I took them."

Mrs. Burns is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Burns has twice publicly recommended—the remedy backed by home testimony. THEY LIKE OUR SERVICE

Young men's fathers, uncles and big brothers all unite in saying that this live men's store gives the clothing service they desire. It's one thing to sell good clothes. It's another matter to please the mature, successful man of affairs who knows what service is.

That is why a majority of fathers, uncles, bigger brothers, prefer to come here for their clothes. They know, for instance, from experience, that

THE HOUSE OF KUPPENHEIMER makes America's best clothes. They are pleased with this store's courteous service. Therefore, they buy, and, buying, are assured of lasting satisfaction.

MID-YEAR PROMOTION

Second Article Describing the New System of Advancement to be Inaugurated in the Maysville Public Schools at the Beginning of the Second Semester.

In my previous article there was a reference to the time that can be saved in a large number of cases. For the average child there will be no saving of time unless it be secured through the two advantages named, (a) Better classification, and (b) Individualized work.

For the bright child as well as the slow one, there is every reason to suppose that from one-half to two years can be saved from the time they enter 1st Grade to graduation in the 12th Grade.

From my previous article it is clear how this saving of time will accrue to the bright but not to the slow one. We have children that have spent four years in the 3rd and 4th grades, for example, who would have completed the two grades in three years more satisfactorily had we been able to have demoted them at the middle of the 3rd Grade and required them to take the work over before they were lost so completely and had become so confirmed in the habit of being contented with; getting help from others, copying, and indifferent recitations. By spending a year and a half in each Grade the 3rd and 4th Grades could logically have been completed in three years rather than now in four. A child after having spent one entire year in the 3rd Grade is very hard to interest in the same work the second year. Each year a child saves means not only the price of a year's labor to the parent when the child completes the school, but a saving to the city of \$31.72 (based on 1915-16 report). You can easily see the saving to the city in the case of thirty pupils a year, and if a boy is worth \$400 the first year out of High School that saving goes to the parent.

As to "Mnking the work more individual," it will be necessary only to say that a teacher who now has forty-five in the 3rd and 4th Grades can not do but very little individual teaching but if the same number of 4th Grade children were in her room, it would have the effect of individualizing the work much more. To illustrate, a teacher can present a principle of arithmetic with as much individualism to twenty children of the same exact mental calibre, as to one, but if she is presenting it to twenty of widely divergent intellects that breaks up the "group individualism." While I will admit that no teacher will ever have forty-five with the same "exact mental calibre" yet by promoting at half-year intervals and redistributing children so that there will be one grade in a room, it is easily seen that pupils will then be grouped much more nearly according to equal attainments.

As to making our work articulate with other schools—last year in January we enrolled seven pupils that had been promoted to "B" classes or the beginning part of the different grades from other cities. As we did not have any classes beginning at the middle of the year, I was compelled to put the children back one-half a year. In some cases that was all right but in others it worked an injustice on the pupil and parent and one, in particular, was not slow in telling me about it.

While pages could be written showing why we should have mid-year promotions, I take it that this is sufficient for the "why" the next article will explain the "how."

MRS. T. H. THOMAS

(Vanceburg Sun)

Mrs. T. H. Thomas died at her home at Vanceburg yesterday, Wednesday morning at 2 o'clock, after an illness of several weeks. She was about 75 years old and has relatives and friends all over the county. The funeral will be held at the M. E. Church here Friday at 2 p. m., burial in Woodland Cemetery.

Mrs. Thomas is the mother of Mr. M. Thomas of Pittsburg, Pa., who married Miss Birdie Walsh of this city. She was a thorough Christian woman and was greatly loved by her neighbors and friends.

HENRY H. WALTHALL

The foremost actor of the screen, with Mary Charleston in "The Truant Boy," is the special feature at the Pastime Monday, January 22.

Mrs. Robert Lehman of Cincinnati, is the guest of Mrs. Fannie Stallcup of Forest avenue.

WAS UNWELCOME VISITOR

Our old friend, Professor Venie, custodian of the Masonic Temple, last night he had a roomer in the hall way that was entirely unwelcome. After endeavoring to remove the stranger he called Night Sergeant William Tolle and asked him to remove the visitor. Mr. Tolle did as requested and escorted the man to the Hotel de Kitei where he received board and lodging free. He will be tried before Judge Whitaker today.

HELD SPLENDID SOCIAL

The Christian Endeavor of the First Presbyterian Church held a social last evening in the Sunday School room of the church. A large crowd was present and all greatly enjoyed themselves. Refreshments were served. This young peoples organization is one of the strongest in the city and is doing a good work.

ASKS FOR JUDGMENT

In the Mason Circuit Court yesterday Mr. Larry Langfels, local plumber, asked for a judgment of \$880.75 against the Cooper Construction Co. He is represented by Messrs. Worthington, Cochran & Brownlag. This is about the sixteen suit that has been filed against this company.

NEW RECORD SET

For Crop Average at the Planters House on Yesterday, Tobacco Brown by Mr. William M. Colvin of this county selling at \$13.34 Per Hundred.

The highest crop average ever paid on the local market for tobacco was reached yesterday when 1685 pounds of tobacco grown by Mr. William M. Colvin of this county sold at an average of \$13.34 per hundred pounds. Not only is Mr. Colvin looking happy but the manager and everyone connected with the Planters House, where the tobacco was sold, is also "tickled to death."

A total of 414,950 pounds were sold, all of the houses reporting sales. The average for the day was \$17.87. This was the highest average of the season for any day and shows that the tobacco is bringing better prices as the season goes on. This is certainly the highest average for a similar amount of tobacco ever had on the Maysville market and certainly speaks well for the various houses.

BEREAVED FAMILY

Mother and Father of Well Known Ex-Maysville People Die Only Five Days Apart.

Some time ago the Ledger noted the illness of Mrs. Selby Chisholm at her home at Walnut Hills, Cincinnati, and on Wednesday, January 10th, she passed away, having been a long sufferer of tuberculosis.

On last Monday her husband Mr. Selby Chisholm, aged 69, who took a deep cold while attending his wife's funeral and which developed into pneumonia, passed away.

Mr. Chisholm was a brother of Col. M. C. Chisholm, who for many years was a resident of this city, now of Newport, and during his early life was also a resident of this city. He served throughout the Civil War in a Kentucky Regiment, and was a Mason and a member of the Junior Order United American Mechanics.

He is survived by one son, one daughter and three grandchildren, his aged mother, five brothers and three sisters. He leaves many relatives and friends in this city who regretted to learn of his death.

His funeral took place Wednesday at his late home and his remains were interred in the German Protestant Cemetery at Walnut Hills.

WITH THE SICK

Mrs. James B. Key, who has been quite ill at her home on Walnut street, is improving.

Mr. Lee Dinger still continues to improve and it is thought that he will soon be able to return to his home.

Mr. Thomas P. Boone was confined to his home on Market street yesterday with a slight attack of the grippe.

Mrs. William Slack, who suffered a breakage of the collar bone at her home on Thursday, is getting along nicely.

The condition of Miss Georgia Chambers, whose illness was noted in yesterday's Ledger, shows no improvement.

Mrs. Samuel Farrow, who has been very ill at her home during the past several months, is improving rapidly and is now able to get around some little bit.

Miss Jennie Barkley of Springdale, who is attending school at the Forest Avenue School, was removed to her home Thursday, she being threatened with pneumonia.

U. S. AVIATION STATION SOUGHT FOR LEXINGTON

Lexington, Ky., January 19—Lieutenant B. Osborne, reserve military aviator, who secured his license after a recent flight from Long Island to Philadelphia, a distance of about 125 miles, returned to Lexington yesterday afternoon, ready to start a movement, already announced, to procure a government aviation station for Lexington.

Lieutenant Osborne was in Lexington about a month ago. At that time he announced his intention of returning to begin active work on the project before February 1. His plans include securing two aeroplanes and equipment for the machine and at the end of a year will take it over, build a suitable hangar and add three other machines. A company of aviators will be recruited as part of the government's plan.

It is the intention of Lieutenant Osborne to have Lieutenant Keeling G. Pulliam, Jr., who is now taking an aviation course in California, return to Lexington on the completion of his course, and assist in instruction at the proposed station, if the project goes through.

DIES SUDDENLY

Mrs. Margaret Watson died at her home in the Shannon neighborhood rather suddenly Friday morning. She had arisen from her bed and suddenly fell over dead. She is survived by two sons, Robert and Thomas Watson of this county. The funeral will be held tomorrow morning at 10 o'clock with burial in the Shannon Cemetery.

OUR SPECIAL OFFER

SUPPOSED DEAD

(Ewing Inquirer)
A letter was received by T. Alexander postmaster at Cowan from T. W. Weaver of Trinidad, Colorado, asking about the whereabouts of his two brothers, Dan and Ed Weaver, and John Vancamp, formerly of Cowan, but now at Maysville. Mr. Weaver stated in the letter that he had not heard from his relatives at Cowan for 25 years. It has been supposed by the people of the Cowan vicinity that he was dead as nothing had been heard from him for so many years.

FUNERAL OF MR. CRANE

The funeral of Mr. John Crane will be held from his late home on Fifth street Sunday afternoon at 2 o'clock. Burial will be made in the Maysville Cemetery. The services will be conducted by Rev. S. K. Hunt, pastor of the Third Street M. E. Church. The pallbearers will be the members of the official board of that church.

DID NOT BUY PROPERTY

Several days ago we printed an article in which we stated that Judge C. D. Newell had purchased the Wade property of West Third street. This was a mistake on our part and we sincerely regret it. Judge Newell was looking over the property with the view of buying but did not purchase.
